

health.on a Mission

We, health.on Ventures GmbH, are a very dynamic and young company that identifies and markets unknown consumer healthcare ideas with great market potential and promotes innovative healthcare products and solutions. We turn products into strong brands with content, function and a high level of trust. In addition to the shopping experience (provided, for instance, by our online shop somnia.shop.net), our online offer to customers also includes comprehensive health information.

For our rapidly growing company based in the Medical Valley Center in Erlangen, Germany, we are offering on an ongoing basis a

Business Development Netherlands / Belgium Internship (3-6 months)

(Location: Erlangen, Germany)

Your Profile

- You are a student (m/f) at a Dutch or Belgian business school or are pursuing a business-related degree at a Dutch or Belgian university
- You have an excellent command of Dutch (native-speaker level is a must) and English (your working language will be English)
- You have fun working on new, challenging topics (of course, with our support), you love to find workable solutions quickly and enjoy implementing them
- You are interested in consumer healthcare and e-commerce
- You love to communicate and enjoy working in a young and very international team
- You have excellent organization skills and attention to detail

Your Tasks

You will help us expanding our B2C business in the Netherlands and Belgium by working on (with the support of our team):

- Working on the implementation of a Dutch version of our online shop somnia.shop.net
- Search engine optimization (SEO) projects (on- and offpage) for this online shop
- Online marketing campaigns (ad creation, campaign optimization) on all major ad marketing platforms (for instance, Google, Facebook, Bing)
- Offline marketing and PR campaigns (for instance, mailings)
- Handling customer requests by e-mail or phone

Our offer

- Top-notch training on / insights into SEO, online marketing and consumer healthcare
- Very dynamic and friendly working environment, excellent working atmosphere, close teamwork with the managing directors and our international business development manager
- Flexible working hours & home office options
- Monthly internship compensation of EUR 400 / month
- Assistance finding an apartment in Erlangen / Germany
- Great area to stay in Bavaria with lots of affordable leisure opportunities
